Senator Dean Heller
US Senate
324 Hart Senate Office Building
Washington, DC 20510

Dear Senator Heller:

On behalf of the entire City Council of the City of Mesquite, I am writing in support of introduction of and congressional enactment of "The Eastern Nevada Land Implementation Improvement Act" and in particular, the provisions relating to the Virgin River Conservation plan. The Virgin River Conservation Plan language is a technical correction, which would allow for completion and implementation of multispecies conservation plans to move forward. This legislation has been our highest federal priority over the past couple of years and without movement on this language, we are unable to proceed with implementation of the essential Virgin River Conservation Plan and the Hydrologic Monitoring and Mitigation Plan.

We appreciate your and the delegation's work on developing and introducing this legislation. We look forward to working with you in moving this bill forward.

Sincerely,

A handwritten signature in blue ink that reads "Allan S. Litman".
